Volt Europa holds General Assembly in Tirana, Albania

29 August 2024 - Volt Albania announces it will host the general assembly of Volt Europa in Albania. Every year a Volt chapter invites Volt Europa to hold the European General Assembly in their country and for 2024 Volt Europa has been invited by Volt Albania to host the event.

On November 23rd and 24th the event will take place at the Tirana International conference center on Skanderbeg Square. All of Volt its 25.000 members have been invited to participate amongst which are delegates of the boards of the European level and national chapters, European Members of Parliament, several national parliamentarians and local councilors.

At Volt we believe in a shared European future for Albania and as such we are proud to host our 5 MEPs in an EU candidate member country:
• **Damian Boeselager** (MEP and Vice chair of the Committee on Economic and Monetary Affairs)
• **Nela Riehl** (MEP and chair of the Committee on Culture and Education)
• **Kai Tegethoff** (MEP and committee member)
• **Anna Strolenberg** (MEP and committee member)
• **Reinier van Lanschot** (MEP and committee member)

At the General Assembly Volt members will participate in conference style talks, discussion groups and official votes according to the 1 member 1 vote principle. This means that Volt Albania members have a direct voice in Volt policies on the European level, actively working on creating EU policies. A unique construction in politics.

Together with Volt Europa and all of our local chapters we are happy to host our General Assembly in beautiful Tirana. We all look forward to making a lasting positive impact on European politics as well as making long term plans for our future in Albanian politics together with all our members.

Most of the agenda will be open to the public, apart from confidential subjects and votes. More information about the event and tickets can be found here: https://events.volteuropa.org/

About Volt Europa

Volt Europa was founded in 2017 and is the first pan-European party. It aims to bring solutions to today's challenges using the potential of members in all parts of the European Union. It currently has more than 25,000 members in 30 European countries and 140 elected representatives in 6 countries, including 5 in the European Parliament. The program is based on the theses of solving the climate crisis, promoting social equality and inclusion, as well as supporting entrepreneurship and digitization. Volt Europa is campaigning in most countries in the EU and even in a lot of countries outside of the EU.
